REMARKS

The purpose of this Amendment is to correct or to clarify informalities in the Application pointed out by Examiner in the Final Rejection.

Claim Objections

The error in the status of claim 14 has been corrected.

Specification Objection

With respect to antecedent basis is the Specification for the term "computer readable medium having (a computer program) stored thereon", it is submitted that there is such basis in the claims. Attention is directed to page 7, lines 8-18 with respect to Fig. 1 wherein Application Programs 40, including the application program of the present invention, are stored in the main memory RAM 14 storage medium of the controlling during operations. The RAM storage medium surely is a computer readable medium on which the computer program is stored.

It is respectfully requested that this amendment be entered, and the objections be withdrawn in order to place this Application in condition for Appeal.

Respectfully submitted,
